LEAD WITH THIS

Half Year
Six months

- +4 / +8 / +12 bonus classes, on the spot
- 2 guest passes — bring someone
- Classes roll over, all six months
- Two 30-day freezes for travel
- Booking opens 48 hours early
- Money back as credit

ONLY IF THEY HESITATE

Quarter
Three months

- +1 / +2 / +3 bonus classes, month one
- Classes roll over
- One 30-day freeze
- Money back as credit
- No guest passes
- No early booking

SAY THIS — EIGHT CLASS

“Six months of your Eight at the rate you’re on — AED 6,000. I’ll put eight extra classes on now, and two guest passes so you can bring someone. Your classes stop expiring, you get two freezes if you travel, and booking opens to you 48 hours early.”

WHEN THEY PUSH BACK

- Too long a commitment

“Three months instead — AED 3,000, same locked rate, two extra classes.”
- Might move, pregnant, injured

“Whatever’s left comes back to you as credit. You’re not stuck with it.” This answers half of every no we got.
- Too expensive

Don’t discount. Say the bonus classes again, then the guest passes.
- Happy on monthly

Don’t push. Ask what they’d lose by locking it, write it down, move on.

NEVER

No discounts. No free months. No drink credits — 87% of clients have never bought one. Don’t ring anyone marked DECLINED.

ALWAYS

Phone first. A call converts at 14%, a WhatsApp at 4%. Log every no, and every “after summer” with a date.
